

AJINOMOTO

Ajinomoto, the maker of Amino Vital®, is the #1 supplier of pharmaceutical-grade amino acids. Thanks to our expert scientists, doctors, and our 100-year history with amino acid research & development, Ajinomoto is known as the recovery expert.

ENDURANCE

Performance for Today. Recovery for Tomorrow.

Introducing Amino Vital Endurance, the innovative energy and recovery drink from the world's leading recovery experts. Formulated for fast absorption to combat fatigue and reduce soreness, Endurance is designed to not only taste great, but also provide exactly what your muscles need to quickly recover from long and intense rides

OUR PROVEN AEC ENDURANCE FORMULA DELIVERS:

Amino Acids: Once ingested, Branched-Chain Amino Acids, Glutamine and Arginine, don't need to be digested. They're immediately absorbed to provide energy and help with muscle repair while you ride.

Electrolytes: Our balanced mix of electrolytes keeps you hydrated, and keeps cells functioning properly.

Carbohydrates: Simple and complex carbs provide quick energy now and sustained energy for later.

Simply put, Endurance gives your muscles what they need—fast—so you have power for the ride today, tomorrow, and beyond.

Endurance: Because you thirst for more.

Purchase any Amino-Vital products (value of \$120.00 before taxes) and receive a Amino-Vital Jersey FREE (retail value \$99.00). A shipping/handling charge of \$19.95 applies.

Please submit original bill of sale, shirt size, name, shipping address, phone number along with cheque:
